## PRESS RELEASE

GREGORY S. HILL  
PRESIDENT

### Integrated Card Solutions Announces Exclusive Representation of EmperorTech Plastic Card Counters

MUNDELEIN, ILLINOIS – June 4, 2013 – Integrated Card Solutions Corp. announced today it has been appointed the exclusive US and Canada distributor of the EmperorTech JC-3200C and EMP-1200 series of Plastic Card Counters. ICS Corp. is also a reseller of the new EmperorTech handheld EMP-1100C Card Counter.

Gregory and Jeffery Hill, former principles of Dynetics Engineering Corp. of Lincolnshire, IL will promote the product line to the former customers of Dynetics and to new accounts within the industry. “ICS is excited to add the new line of EmperorTech products, enhancing our family of Card Issuing Equipment offered”, said Hill.

The EmperorTech line of Card Counters was developed over the past 15 years in Shenzhen, China and has been widely accepted by the major card manufacturers and processors in Asia and in Europe. “Presented for the first time at the CARTES AMERICA 2013 trade show in Las Vegas, NV last April, the line has been very well received by professionals visiting the show from North America and South Americas”, said Hill.

EmperorTech in the Americas is a division of Emperor Resources llc, a Delaware Corporation involved in the sales development of the products and services of Shenzhen Emperor Technology Development Co. Ltd. - A global leader in Smart Card & Passport Issuance Equipment based in China since 1995. Emperor Global Resources, llc is a member of the ICMA.

ICS also sells and supports several companies' products, which are engaged in the process of counting, personalizing, attaching and mailing of plastic cards. Additionally, ICS is a major supplier of quality, cost effective Card Activation, Scratch Off, Card Affixing, Thermal Printable and Custom Labels throughout the US, while saving its customers up to 40% over their current vendors pricing.

Additional information about the EmperorTech line of Card Counters can be obtained by contacting ICS.
