## ■ ■ EMP-1200P Automatic ■ Card Counter

**The EMP-1200P Automatic Card Counter** is quick and easy to use on a multitude of materials. The unit is designed with a precision mechanical drive system and digital analysis circuit. The EMP-1200P has the ability to pre-set the counting quantity and the unit stops automatically when it reaches the predetermined number. The EMP-1200P is easy to use and counts cards quickly and accurately. It is capable of counting non-transparent cards thicker than .018", especially for dirty, old and damaged cards. The EMP-1200P is equipped with a large LED readout for easy and clear counting results. The capacity of the input and output trays are up to 150 cards. The maximum accumulation reaches up to 9999 cards.

### Technical Specification

- Counting speed: 36000 cards/hour
- Card input/output capacity: 150 cards
- LED display
- Maximum accumulation: 9999 cards
- Working temperature: 0°F–104°F
- Working humidity: 30%–80%
- Power supply: 110V±20% /60Hz
- Power: ≤65W
- Dimension: 18.3" (L) x 9.5" (W) x 6.7" (H)
- Weight: 21 LBS.
